

PHILIPS

RESPIRONICS

Respiratory drug
delivery

A young girl with long dark hair is sitting in a white chair, using a blue Philips Respironics nebulizer. She is wearing a pink top. Her mother, also smiling, is sitting next to her, wearing a pink cardigan over a white lace top. A stuffed tiger toy is visible behind the mother. The background shows a window with a view of a city.

Be inspired

Philips Respironics solutions catalog

Inspiring innovation

Philips is committed to enhancing patients' lives by delivering cost-effective solutions that drive better awareness, diagnosis, treatment and monitoring.

Our Respiratory Drug Delivery product portfolio provides both patients and caregivers with a wide range of high quality products. These have been designed to deliver drugs effectively and enable patients with Asthma, Chronic Obstructive Pulmonary Disease (COPD), Cystic Fibrosis and other respiratory diseases to successfully manage their conditions.
